

Patient Safety Alert

Nasogastric Tube Misplacement Patient Safety Alert (reference no: NHS/PSA/RE/2016/006)

Compliance statement

The Quality Assurance Committee of the board of directors noted the Trust's response to the Nasogastric Tube Misplacement Patient Safety Alert and the actions identified. The committee received assurance that the nasogastric tube guidance has been implemented and continues to be embedded within the organisation.

The committee is therefore satisfied and assured that the Patient Safety Alert has been complied with.
