22134	FOI Request	Risk appetite (J676)	<p>1) The Trust recognises that our long term sustainability depends upon the delivery of our strategic objectives and our relationships with patients, the public and strategic partners. We operate within a low overall risk range. We will not accept risks that materially impact on patient or staff safety or compliance and regulatory objectives. We have a marginally higher risk appetite to take considered risks in terms of their impact on our strategic, reporting and operations objectives. Our highest risk appetite relates to our pursuance of innovation and transformation objectives.</p> <p>2) The methodology for agreeing the risk appetite of the Trust is through a Board of Directors Development session on an annual basis.</p>	10 Mar 2017	03 Apr 2017

22792	FOI Request	Maternity	Not applicable to our Trust.	07 Apr 2017	07 Apr 2017
-------	-------------	-----------	------------------------------	-------------	-------------

I would like to know:

1. Number of occasions maternity wards and/or services were closed for 1 hour or more.
2. Number of women who requested a midwife's attendance at a planned home birth but where a midwife was not provided.

I'd like this information for both the years 2014/5, 2015/6, and if possible 2016/7

22273	FOI Request	Internal Review: Spend data over £25,000 from Nov 2016 on (J686)	Thank you for bringing this to our attention, I can confirm that the information requested is now publically available via this link: http://www.christie.nhs.uk/about-us/the-foundation-trust/about-the-trust/trust-publications-and-reports/transparency/ .	17 Mar 2017	07 Apr 2017
-------	-------------	--	---	-------------	-------------

On the 11th of March, I sent you a FOI request for your expenditure over £25,000 from November 2016 to January 2017. It was allocated the reference J686.

On the 15th of March, you refused my request citing Section 22 of the FOI Act as grounds for an exemption.

However, the guidance for publishing spend data for government departments states:

2.10 Spend is to be published one month in arrears, ie by the last working day of the month following the month to which the data relates. If the data is available before the end of the month, it should be published as soon as the department has cleared it for release. This data is to be published in individual monthly files.

2.11 You should not hold up the publication of your data where you have unresolved individual queries. You should publish the cleared data within the publication timescales, and amend the data at a later date if necessary. See section 2.5 for further detail on applying redactions to the data.

Please see here for more details: <https://www.gov.uk/government/publications/guidance-for-publishing-spend-over-25000>. This letter makes it clear that this guidance applies to the NHS: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/216668/dh_119742.pdf.

This means that, at the very least, the data I requested should already be published. For this reason, I would like to request an Internal Review of the initial response to my Freedom of Information request.

1 Prior to April 2017, did the Trust have policy the requesting of identification of foreign nationals prior to providing care?

2 In the 12 months to April 2017, did employees or others providing Trust services check any patients' passports before giving them care?

If so

2a Which services?

2b How many patients were asked for identification in the 12 months to April 2017

2c How many were asked to provide passports

2d How many those asked to provide identification did not go on to seek care?

3 What preparations did you make for the new up-front charges for non-emergency care from April 2017?

To clarify these are the changes outlined in <https://www.gov.uk/government/consultations/overseas-visitors-and-migrants-extending-charges-for-nhs-services>

As part of my request I require the figure for total number of absences among doctors at the trust, with these figures broken down by reasons for absence. Absences should not include annual leave, secondments or other planned absences.

I would like the information for 2017, 2016, 2015 and 2014. Please feel free to break this down by financial years e.g. 2014-15, 2015-16 and 2016-17, if that fits with records more comfortably.

Please ensure clarity is provided on the reasons for the absence, including the number of doctors absent from work due to stress, anxiety or depression is included.
