Welcome

Welcome to The Christie School of Oncology's Integrative Therapies Training Unit.

As a world renowned ITTU unit we are delighted to offer a range of educational events for Integrative Therapists, Allied Health Professionals and Researchers. The content of some of our courses are also suited to Nurses and Medical Staff.

We have been proudly supporting all our students for more than 20 years, providing them with well researched, informative and evidence based educational events. Our team of both internal and external fully qualified facilitators are all passionate about producing and delivering an extensive programme of events, which we are sure you will love.

Our events are delivered either virtually, classroom or blended (classroom & virtual). All the classroom events are delivered at The Christie NHS Foundation Trust here in Manchester.

Have a look through our brochure to discover the range of courses and diplomas we offer. If you have any queries or require further information please don't hesitate to contact us at the-christie.ittu@nhs.net

Course title: Understanding Cancer: For Integrative Therapists and Health Care Professionals Working in an Oncology Setting

Dates/Times: Wednesday 5, 12 and 19 February 2025 (9:30 am to 12:30pm) - virtual via Zoom

Course tutors: Vicky Phelan and Jayne Doyle

Description: This course is invaluable for anyone who is working in a cancer care setting and would like to gain the understanding & knowledge needed. The course will help you feel more confident amongst other work

colleagues & around patients/carers when discussing diagnosis, prognosis,

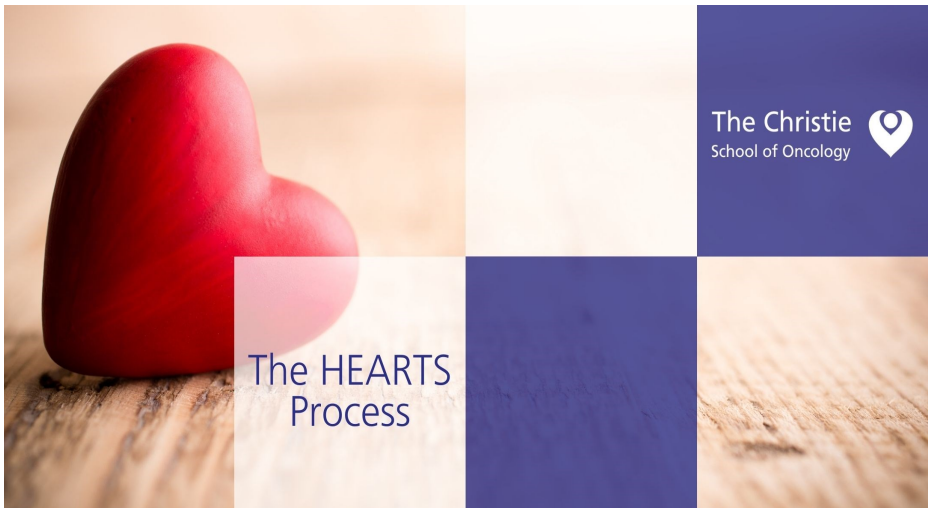

treatment. Topics covered include: Possible causes of cancer & the methods used to identify health outcomes; The biology of cancer; Principles of mainstream cancer treatments & side effects; How advances in scientific & medical research have the potential to personalise patient treatments; Psycho-social & emotional impact of diagnosis. You will also be required to complete directed tasks & reflective feedback (approx. 4.5 hours).

Suitable for: Anyone working with patients, carers & family members affected by cancer in a health care setting or private practice.

Delivery: Virtual

Cost: £150

Course title: The HEARTS Process (Teachers Course)

Dates: Saturday 8th (1030-1730) and 9th March 2025 (0930-1630)

Course tutors: Ann Carter and Dr Peter Mackereth

Course description: This two-day course aims to equip HEARTS Practitioners with the confidence and skills to teach HEARTS to colleagues in the workplace. By the end of the course, participants will have learned more about making presentations to managers, considered the relevance of adult learning styles, explored the pros and cons of various teaching methods, and developed skills in planning short courses and individual sessions. Other topics will include preparation for staff training, following up after the training, and monitoring and evaluation. We will also use examples from existing teachers in a variety of situations. The skills we cover during the course are transferable to other topics and situations; a comprehensive training manual will be included.

Prerequisite: Prerequisite: Participants must have completed a two-day HEARTS course (or its equivalent) and have completed the HEARTS Practitioner Certificate. If you need to complete the Practitioner Certificate, please contact the-christie.ittu@nhs.net

Delivery: Classroom

Fee: £215

Course title: Evaluation, Audit & Research for Complementary / Integrative Therapists & Health care professionals

Dates/Times: Friday 14th March 2025 (0930 - 1630)

Course tutors: Dr Jacqui Stringer

Course description: During this one-day course you will learn the difference between evaluation, audit and research, be introduced to the various research methodologies and gain an understanding of the terminology used. In addition, you will learn some skills for how to critique evidence, explore and appreciate ethical issues. Examples of undertaking research in the real world, drawn from the speaker's own experience will be used to highlight key issues and avoidable pitfalls. The workshop will help you to appreciate quality evidence, identify areas for further research and demystify the processes involved.

Prerequisite: Suitable for anyone working in a health care setting who has an interest in evaluating their clinical work.

Delivery: Virtual

Cost: £110

Massage for Cancer and Supportive Care

Course title: Massage for Cancer and Supportive Care (Morecombe)

Dates/Times: Saturday 12th (1030-1730) and Sunday 13th April 2025 (0930-1630)

Course tutors: Anita Mehrez & Sarah Wilkins

Course description: This 2-day course is designed for massage therapists who want to expand their skills in massage therapy, enabling them to work safely and effectively with people with cancer and/or other complex/life-threatening conditions.

We will explore safe and creative ways of adapting massage therapy whilst gaining an understanding of the rationale for adapted work for clients at all stages of a cancer journey, whether on active treatment, living beyond, or alongside supportive and end of life care. As a teaching team we are committed to providing a knowledge base that can be contextualised to suit a variety of different environments.

We take a zero-strain approach to massage with touch-based sessions that will allow you to build your confidence working with and without oil, through both practitioner and client experience.

Prerequisite: Prerequisite: Applicants must hold a minimum of a UK Level 3 Diploma in Massage (or equivalent with a Level 3 certificate in Anatomy and Physiology). A minimum of one year of professional therapeutic experience, with supporting evidence.

Delivery: Classroom

Cost: £215

Course title: MRE Level 1, Workshop 1: Introduction to Trauma Sensitive Mindfulness

Dates/Times: Wednesday April 23rd, 30th, May 7th, 14th, 21st, June 4th 2025 (1830-2100)

Course tutors: Tim Duerden

Course description: This 6-week online training course offers an experiential introduction to Mindful Resilience Enhancement (MRE) and taking a trauma sensitive approach to safely and easily teach mindfulness to most individuals and groups. It is the first workshop in the MRE teacher-training that leads to a competency certificate in teaching mindfulness in professional practice.

Suitable for: : This course is ideal for any students, trainees, professionals and practitioners working in health, educational, social and complementary settings.

Delivery: Virtual via zoom

Cost: £265 (£230 if booked together with MRE Level 1, Workshop 2)

Clinical and Non-Touch Courses

Course title: Therapeutic and Practical Approaches to End of Life Concerns and Symptoms

Dates/Times: Saturday 10th May (1030-1730) and Sunday 11th May (0930 – 1630)

Course Tutors: Ann Carter, Dr Peter Mackereth, Paula Maycock & Tim Jackson.

Course Description: This course explores issues related to providing therapeutic and practical approaches for patients approaching the end of life as well as in the last few days of life. The focus will be on addressing complex symptoms such as breathlessness, consent issues, involvement of carers, consideration of spiritual issues, challenging conversations and end of life care. The course will include a blend of theory and practical hands-on techniques and approaches. Students will also be required to complete directed tasks and provide reflective feedback on the activities (approx. 4.5 hours).

Pre-requisite: Suitable for Complementary Therapists and Health Care Professionals working with end-of-life patients.

Price: £215

Delivery: Classroom

Course title: The HEARTS Process

Dates: Saturday 17th May (1030-1730) and Sunday 18th May (0930 – 1630)

Course tutors: Anta Mehrez and Sarah Wilkins

Course description: Description: HEARTS is a mnemonic for Hands-on, Empathy, Aromas, Relaxation, Textures and Sound. You will learn how to combine these therapeutic components to help patients and carers achieve a state of relaxation and calm in many situations. Students can complete additional case study work in support of a HEARTS Process Practitioner Certificate.

Prerequisite: This course is ideal for integrative therapists and health care professionals working in supportive and palliative care.

Delivery: Classroom

Clinical and Non-Touch Courses

Course title: Developing Guided Imagery & Progressive Muscle Relaxation

Dates/Times: Thursday 19th and 26th June 2025, (09:30am to 12:30pm) VIRTUAL and Sunday 6th July 2025 (9:30am to 4.00pm) CLASSROOM

Course tutors: Dr Peter Mackereth and Ann Carter.

Course description: This course focuses on creative approaches to guided imagery and progressive muscle relaxation. The methods promote calm, reduce anxiety and enhance wellbeing. The evidence-based content is patient centred and can be integrated into your practice for a variety of situations, including 1:1, online platforms or relaxation groups. The course has been specially designed for those who wish to further explore and gain confidence in using their voice as part of a therapeutic intervention.

Prerequisite: Suitable for complementary therapists and health care professionals.

Delivery: Blended (virtual and classroom)

Cost: £195

Course title: Resolving Anxiety and Panic States

Dates/Times: Thursday 2nd, 9th, 16th, 23rd and 30th October 2025
(1330 – 1630)

Course tutor: Vicky Phelan and Linda Orrett

Course description: Description: This course is ideal for professionals working with anxious clients, whether in a cancer/health care setting or private practice. Throughout the course, you will gain a comprehensive understanding of anxiety and panic, including their manifestations and the physiological and neurological changes they trigger. You will learn effective techniques and rapid calming interventions designed to help clients manage and overcome anxiety and panic in real-time. Additionally, for those in health care settings, the course provides strategies to enhance your confidence in supporting clients facing distress related to medical procedures, such as cannulation, surgery, and treatment-related anxieties.

Prerequisite: Suitable for Integrative Therapists, Health Care Professionals, Counsellors, or any therapist working with anxious clients, whether in a cancer or health care setting or in private practice.

Delivery: Virtual via Zoom.

Price: £265

Diplomas

Here at the Integrative Therapy Training Unit we offer a number of diplomas for qualified therapists, who are working in a cancer care or supportive care setting, to help further their personal development. The diplomas enable therapists to complete a number of our CPD courses, following one of the three specifically designed pathways, to gain a diploma.

The three pathways are:

Adapting Integrative Therapies for Cancer and Supportive Care

Adapting Reflexology for Cancer and Supportive Care

Therapeutic Approaches to Relaxation in Supportive Care

Each pathway is a combination of mandatory core modules combined with option modules (see page 22) that allows you to personalise your learning experience with us. You must complete the 6 modules within a two year period and you can start any time.

There are also 3 written assignments to be completed within an allotted timeframe, in order to gain the award. You have one year from the date of the last study day to complete your written assignments.

During the diploma pathway you will need access to clients for developing a case study and for reflective practice assignments. A diploma handbook will be provided which will include supporting information about written assignments, reflective practice models and referencing. You will also receive support from the Diploma Programme Lead.

Cost: £1,180 which can be paid in full or in instalments as a £250 deposit followed by 8 x £116.25 monthly standing order payments.

[Click here to book now](#)

Post-Qualification Cancer Care Certificate

If you decide to follow the programme pathway for one of our diplomas, but do not complete the assignments, then in this instance you will receive a certificate instead of a diploma.

Adapting Integrative Therapies for Cancer & Supportive Care

This programme is designed for Complementary Therapists who want to develop their skills, knowledge and practical application of complementary therapies in cancer, supportive and palliative care.

Prerequisite: You must already be qualified to minimum level 3, and be practising and insured in all of your chosen option therapies with at least one year's therapeutic practice.

Note: For this diploma your option modules **MUST** include at least one 'Adapting' module for the touch therapies that you are qualified in (see page 22).

Adapting Reflexology for Cancer & Supportive Care

This programme is designed for qualified reflexologists wanting to deepen their understanding and develop their skills and practice using Reflexology in the context of cancer, supportive and palliative care.

Prerequisite: Qualified to minimum level 3, and be practising and insured with at least one year's therapeutic practice.

Therapeutic Approaches to Relaxation in Supportive Care

This package consists of a variety of workshops, which focus on the principles which underpin the therapeutic use of relaxation techniques, creative imagery and mindfulness. The programme has been designed to offer skills development that will increase your flexibility when working with relaxation in practice in supportive care. If you want to develop your expertise so you can practice in a variety of healthcare settings, this diploma is the ideal way for you to 'step up' your knowledge and confidence.

Prerequisite: Integrative therapist or health care practitioner working in a supportive health care setting with at least one year's therapeutic practice.

Pathway Module Options	Adapting Integrative Therapies for Cancer and Supportive Care (3 core, 3 options)	Adapting Reflexology for Cancer & Supportive Care (3 core, 3 options)	Therapeutic Approaches to Relaxation in Supportive Care (4 core, 2 options)

Understanding Cancer: For Integrative Therapists & Health Care	Core	Core	Option

* Only open to qualified massage therapists

** Only open to qualified reflexologists

*** Only open to qualified aromatherapist

Enrolling on the Post-Qualification Cancer Care Diploma/Certificate

To enrol on one of the diploma/certificate pathways, we ask for a 1 page CV-style application giving us an indication of your background, current professional position and your interest in/intended outcomes from attending the programme.

You can start the courses at any time. If you've already attended any of our courses, you may upgrade to one of the diploma packages so long as all modules will be completed within the specified 2 year timeframe. Additional option modules may be added to your diploma programme at a discounted rate of 20% on the normal course price.

Please email the-christie.ittu@nhs.net to express your interest.

Clinical Days

Clinical days are an extra optional day we offer for our diploma students so that they can gain some insight into what it is like to work in a cancer care setting. During the clinical day you will be placed with a member/s of the team who will take you to different locations within The Christie, where you will be able to observe how the various integrative therapy techniques are used in a clinical setting. The placement will cover a range of therapies, however if you have a particular therapy that you would like to observe, please let us know and we will do our best to accommodate.

Participants will be requested to wear a white tunic and black/blue trousers or similar uniform and complete a declaration of confidentiality.

A certificate of participation will be awarded.

Dates are agreed on arrangement.

Prerequisite: Diploma students only. You must have completed your 12 study days to attend a clinical placement day.

Price: £95 per day per person

If you are interested in attending please email

the-christie.ittu@nhs.net

Course Bookings and Payment

Paying by credit or debit card

All our courses can be booked by credit or debit card via our Eventbrite webpage. <https://www.eventbrite.co.uk/o/integrative-therapies-training-13943859517>

Paying by invoice

Please book through Eventbrite and select the option to pay by invoice and email the ITTU with your details: name, address, email, telephone number, course title and date and the details of the person/organisation that is paying, if different.

Funded by NHS or other organisation

If you are being funded by an NHS trust or other organisation, please provide a purchase order (PO) number. If no PO is required then send a confirmation email from your manager/accounts department that they will be paying for your attendance on the course and that no PO no. is required.

Organisations paying by BACS

If you are an organisation and would like to make a group booking and pay by BACS transfer please email the-christie.ittu@nhs.net with details.

Paying in instalments

Only diplomas can be paid in instalments. A payment plan will be agreed at the time of booking and must be paid by standing order. Failure to pay an instalment once agreed will automatically void the agreement and the outstanding balance will become due immediately.

Cancellation Policy

Cancelled by the Integrative Therapies Training Unit

In the event we have to cancel a course, we will inform you with a minimum of 14 days' notice. You may request a full refund or transfer your place to another course.

Note: We reserve the right to alter the tutors and the location of the delivery of the course if the need arises. In this event we will endeavour to always provide you with at least 14 days' notice, and you will have the right to cancel the course and receive a full refund if you are unhappy with the changes.

Please note: Pre-booked travel and personal expenses cannot be reimbursed.

Cancelled by you with at least 14 days' notice

If you have booked and paid via Eventbrite, you can request a refund or transfer to another course free of charge if you give at least 14 days' notice before the start date of the course. If you would like to transfer to another course, you will need to request a refund and then book onto the alternative course of your choice and pay via Eventbrite.

If you have booked and are paying via an invoice, you can either:

- Transfer onto another course of the same value, free of charge.
- Transfer to another course of higher value but you will need to pay the difference along with a £10 admin fee.

[Contact the ITTU](#) to request a refund.

Cancelled by you with less than 14 days' notice

No refunds will be given or fees transferred for cancellations with less than 14 days notice.

Student Learning and Support

- Participants will be treated as adult learners and you will be responsible at all times for ensuring personal physical and psychological fitness and safety to attend and participate on the courses.
- We will provide tutorial support but cannot provide counselling or personal therapy. The purpose of any practical work is purely to develop your skills and cannot be construed or utilised as any form of personal therapy.
- We do our best to enable participation, however, if you have health concerns that may impact on or interfere with your participation, please seek advice from our tutorial team *before* confirming a place or attending an event.
- Where a prerequisite is stipulated for attendance on a course, you may be required to provide proof of qualifications upon booking.

Delivering Educational Events Externally

All our classroom events are available to be delivered externally at a location of your choice. This is ideal for healthcare organisations where it would be more cost effective for us to deliver the course to a group on or near your organisation, rather than sending a group of attendees to The Christie. We offer this in groups of 8 - 20 delegates on dates that are mutually agreeable with both parties. Please contact the-christie.ittu@nhs.net for more details.

COVID-19 Safe Protocol

If you are attending a classroom event and have flu-like symptoms, please perform a COVID-19 PCR test. If the test proves positive please do not attend the event.

Note: We are unable to refund you for your place on the course if you are unable to attend.

Privacy and Confidentiality

The Christie Integrated Therapies Training Unit respects your right to privacy and maintaining confidentiality of the personal information that you provide us with. Our Privacy Policy sets out details of the information that we may collect from you and how we may use that information; this forms part of our responsibilities in terms of the General Data Processing Regulations (UK GDPR). More information about how we collect, use, store and share your information can be found here [Christie Education Privacy Policy](#)

Complaints procedure

We are committed to providing all our students with the best service possible, however If at any point you find that you have cause to raise a complaint or concern please email **the-christie.ittu@nhs.net** advising us that you would like to make a formal complaint, include the date/s, who was involved, your reason for dissatisfaction, any evidence.

We will endeavour to get back to you within 14 days with an acknowledgment of receipt of your complaint and an estimated time for us to investigate and provide you with a resolution.
